GENERAL PROVISIONS

RIGHT TO RENUNCIATION

In the event of distance sales

In accordance with article L.112-2-1 of the French Insurance Code (**only for packages with a duration of more than one month**), a renunciation period of fourteen (14) full calendar days applies in the event of distance sales. This period starts from the date on which the membership is concluded (or from the date on which the interested party received the contractual conditions if this date occurs after that on which the membership is concluded).

In the event of multiple insurance coverage

In accordance with article L. 112-10 of the French Insurance Code, the Insured Party who adheres to an insurance contract for non-professional reasons, if they can prove prior coverage of the risks covered by this new contract, may renounce this new contract, with no fees or penalties, as long as it has not been fully implemented or the Insured Party has not invoked any covered act, and within the limits of a fourteen (14) calendar day period from the conclusion of the new contract.

Terms and conditions

The renunciation may be requested from the Altiservice by letter (11, rue Pierre Salies – BP 30908 – 31009 TOULOUSE CEDEX 6) or email (myaltiski@altiservice.com) according to the following model:

"I the undersigned Residing atrenounce my contract N°... subscribed with Mutuaide in accordance with article L. 112-10 of the French Insurance Code. I testify that on the date of sending this letter, I am aware of no incident calling into question a contractual guarantee. I have attached a copy of the document proving that I am already covered for one of the risks covered by this contract"

CONSEQUENCES OF RENUNCIATION

Exercising the right of renunciation within the period set out in the text above leads to the termination of the contract from the date of reception of the letter or any other durable medium. Once you become aware of an incident calling into question the coverage of the contract, you can no longer exercise this right of renunciation. In the event of renunciation, you are only required to pay the part of the premium corresponding to the period during which the risk was incurred, this period being calculated up to the termination date.

However, the entirety of the premium must be paid to the insurance company if you exercise your right of renunciation while an incident calls into question the coverage of the contract and of which you were unaware has occurred during the renunciation period."

SOME ADVICE

Before going to a country within the European Economic Area, take your European Health Insurance Card issued by the local healthcare insurance office (CPAM) to which you are affiliated, in order to benefit, in the event of illness or accident, from direct coverage of your medical fees (www.ameli.fr).

- Before going abroad, if you are undergoing treatment, don't forget to bring your medication and transport them in your hand luggage in order to avoid your treatment being interrupted in the event of a delay or loss of luggage.
- If you practice a physical or motor activity which carries risk or a trip to an isolated area within the framework of your Travels, we advise you to ensure in advance that an emergency response measure has been implemented by the competent authorities of the country concerned in order to respond to a potential rescue request.
- In the event of loss or theft of your keys, it may be important to know the numbers. Take the precaution of writing these reference numbers.
- What's more, in the event of loss or theft of your identification documents or means of payment, it is easier to reconstruct these documents if you have taken the time to make photocopies and to note the numbers on your passport, identity card and bank card and keep them separate.
- If you are seriously ill or injured, contact us as soon as possible, after having taken the time to call the emergency services (SAMU, firefighters, etc.), which we can replace.

WARNING

Certain pathologies may constitute a limitation to the conditions of application of the contract. We advise that you carefully read these General Terms and Conditions.

YOUR ASSISTANCE COVERAGE

REPATRIATION ASSISTANCE

REPATRIATION OR MEDICAL TRANSPORT

You fall ill or are injured during a covered journey. We organise and cover the repatriation to your Residence or to a hospital near you.

Only the medical requirements are taken into consideration when determining the repatriation date, the choice of means of transport or place of hospitalisation.

The decision to repatriate is made by our medical advisor, following advice from the attending physician or possibly the family doctor.

During your repatriation, and under the prescription of our medical advisor, we organise and cover transport for one companion.

Any refusal of the solution proposed by our medical team leads to the cancellation of Repatriation Assistance coverage.

REPATRIATION OF THE BODY

You die during a covered journey. We organise the repatriation of your body to a funeral service location in your country of Residence.

In doing so, we cover up to the amount indicated in the Table of Benefits:

- The fees for transporting the body,
- The fees linked to embalming mandated by applicable law,
- The fees directly required for the transport of the body (handling, specific facilities for transport, preparation).

The fees for the funeral, ceremony, procession, incineration and burial remain payable by the family of the Insured Party.

REPATRIATION OF ACCOMPANYING PERSONS

You are medically repatriated or you die during a covered journey.

We organise and cover, if they do not fall into the initially established means, the transport to the Residence for your beneficiary Family Members or any insured person accompanying you when the event occurred, via 1st class train journey or economy class plane journey.

REPATRIATION OF CHILDREN UNDER THE AGE OF 15

If you have an Accident and no one is able to take care of your children under the age of 15, we organise and cover the 1st class return train trip or economy flight, of one person of your choice or one of our hostesses to take them back to your Residence or that of a Family member.

We organise and also cover the accommodation fees (bedroom and breakfast) of this companion **up to the amount indicated in the Table of benefits.**

REPLACEMENT DRIVER

You have an Accident during a covered trip in one of the countries listed below and you can no longer drive your vehicle: if none of the passengers can replace you, we make a driver available to you to bring the vehicle back to your place of Residence via the most direct route.

We cover the travel costs and the driver's salary.

The driver is required to respect the labour legislation, and in particular must, under the current French regulations, take a break of 45 minutes after 4 hours and 30 minutes of driving, the overall daily driving time must not exceed 9 hours.

If your vehicle is more than 8 years old and/or has travelled more than 150,000km or if its condition and/or its load does not comply with the standards established by the French Traffic Regulations, you must inform us. We thus reserve the right to not send a driver.

In this case, and in lieu of sending a replacement driver, we provide and bear the cost of a 1st class train ticket or an economy class plane ticket to allow the Insured Party to recover the vehicle.

This service only applies in the following countries: France (including Monaco, Andorra, excluding Overseas territories, departments and communities and *sui generis* communities), Spain, Portugal, Greece, Italy, Switzerland, Liechtenstein, Austria, Germany, Belgium, Netherlands, Luxembourg, United Kingdom, Ireland, Denmark, Norway, Sweden, Finland, Iceland.

The cost of fuel, tolls, parking, hotels and catering of the possible passengers remain payable by you.

ADVANCE OF HOSPITAL FEES (OUTSIDE OF THE COUNTRY OF RESIDENCE)

We may, within the limits of the coverage amounts set out above, advance the hospital fees that you will incur outside of your country of Residence, under the following cumulative conditions:

- the MUTUAIDE ASSISTANCE doctors must judge, after gathering information from the local doctor, that it is impossible to repatriate you immediately to your country of Residence.
- the treatments for which the advance is applied must be prescribed in agreement with the medical authorities of MUTUAIDE ASSISTANCE.
- you or any other person authorised by you must formally undertake through the signing of a specific document, provided by MUTUAIDE ASSISTANCE during the implementation of this service:
 - to undertake the steps for covering the fees with insurance organisations within 15 days from the date of sending the elements necessary for these steps by MUTUAIDE ASSISTANCE,
 - to carry out the refunds of amounts received to MUTUAIDE ASSISTANCE on behalf of insurance organisations in the week following the reception of these funds.

Remaining solely at our charge, and within the limits of the coverage amounts established for the “medical fees” service, the fees not covered by the insurance organisation. You must provide us with a certification of non-coverage issued from these insurance organisations, in the week following its reception.

In order to maintain our subsequent rights, we reserve the right to request from you or your beneficiaries a letter of engagement committing you to carry out the steps with social organisations and refund us for the fees received.

If these coverage steps are not carried out with the insurance organisations within the deadline, or if MUTUAIDE ASSISTANCE are not presented with the certification of non-coverage from these insurance organisations within the deadline, you will under no circumstances claim the “medical fees” service and must refund the entirety of the hospital fees advanced by MUTUAIDE ASSISTANCE, which will initiate, if needed, any recovery procedure, the cost of which will be covered by you.

HOW IS YOUR COMPENSATION CALCULATED?

If the compensation cannot be determined by mutual agreement, it is evaluated by expert appraisal, subject to respective rights of the Insured Party and the Insurer.

Each of them chooses their expert. If these experts cannot reach an agreement, they call on a third expert and all three will work together and by majority of votes cast.

If one of us fails to name an expert or if the two experts fail to come to an agreement on the choice of a third, the choice is made by the President of the Tribunal de Grande Instance, ruling as a referee. Each of the parties bears the cost of their expert's fees, and if needed, half that of the third expert.

WHEN WILL YOU BE COMPENSATED?

The payment intervenes within 15 days from the agreement between the parties or from the notification of the enforceable court decision.

WHAT ARE THE SANCTIONS APPLICABLE IN THE EVENT OF A FALSE DECLARATION FROM YOU?

- **Concerning the risk to be covered**

When they change the purpose of the risk or by lowering our opinion:

Any reluctance or intentionally false declaration on your part will lead to the invalidity of the contract. The premiums paid remain our property and we will have the right to require the payment of lapsed premiums, as established in article L 113.8 of the French Insurance Code.

Any omission or false statement made by you in bad faith shall lead to the termination of the contract 10 days after the notification that will be sent to you via registered letter and/or the application of the reduction of compensation from the French Insurance Code as established in article L 113.9

- **At the moment of the incident**

Any intentional fraud, reluctance or false declaration made by you regarding the circumstance or the consequences of an incident will lead to the loss of any right to service or compensation for this incident.

CUMULATIVE INSURANCE

In accordance with the provisions of Article L. 121-4 of the French Insurance Code, when several insurances are taken out without fraud, each of them produces its effects within the coverage limits of the contract, and in compliance with the provisions of article L 121-1 of the French Insurance Code.

SUBROGATION

MUTUAIDE ASSISTANCE is subrogated up to the compensation paid and services provided by them under the rights and actions of the Insured Party, against any person responsible for events which motivated the intervention. When the services provided in execution of the agreement are covered fully or partially by another company or institution, MUTUAIDE ASSISTANCE is subrogated under the rights and actions of the Insured Parties against this company or this institution.

WHAT ARE THE LIMITATION PERIODS?

Pursuant to article L 114-1 of the French Insurance Code, any legal action arising from this contract is limited to two years from the event giving rise to it.

However, this period shall not run:

- in the event of concealment, omission, false or inaccurate declaration on the risk involved, only from the day on which in the Insurer became aware of it;
- in the event of an incident, only on the day on which the interested parties became aware of it, if they prove that they were unaware up to that point.

When the Insured Party's action against the Insurer is based on the action of a third party, the prescription period only runs from the day on which this third party has taken legal action against the Insured Party or has been compensated by the latter.

This limitation period may be interrupted, in accordance with article L114-2 of the French Insurance Code, by one of the following common causes of interruption:

- the acknowledgement by the debtor of the right of the person against whom he was prescribing (article 2240 of the French Civil Code);
- a legal claim, even a summons, up to the termination of these proceedings. The same occurs when the demand is brought before a court without jurisdiction when the act of referral to the court is annulled on account of a procedural defect (articles 2241 and 2242 and French Civil Code). Interruption fails to occur if the plaintiff abandons his judicial demand or allows the proceedings to lapse, or if the demand is definitively rejected (article 2243 of the French Civil Code);
- a conservatory measure taken in application of the Code of the Civil Procedures of Enforcement or of an act of forced execution (article 2244 of the French Civil Code).

It is recalled that the calling in of one joint debtor by judicial demand, or by an act of forced execution, or by the acknowledgement by the debtor of the right of the person against whom he was prescribing, interrupts the period of prescription against all the others, even against their heirs.

But the calling in of one of the heirs of a joint debtor, or the acknowledgement by that heir does not interrupt the prescription against co-heirs, even in case of a mortgage claim, if the obligation is divisible. This calling in or this acknowledgement only interrupts the period of prescription against the other co-debtors for the share for which this heir is bound.

To interrupt the period of prescription for the whole, for all the other co-debtors, the calling in must be addressed to all the heirs of the deceased debtor or the acknowledgment must be addressed to all these heirs (article 2245 of the French Civil Code).

A calling in addressed to the principal debtor or his acknowledgement interrupts the period of prescription against the surety (article 2246 of the French Civil Code). The limitation period may also be interrupted by:

- the designation of an expert following an incident;
- the sending of a registered letter with acknowledgement of receipt (sent by the Insurer to the Insured party regarding the action for payment of the premium, and sent by the Insured party to the Insurer in respect of the settlement of the compensation for the incident).

DATA COLLECTION

The Insured Party recognises being informed that the Insurer, processes their personal data in accordance with regulations related to the protection of personal information in force and furthermore that:

- Their personal data may also be used within the framework of the fight against insurance fraud, which may lead to, if needed, enrolment on a list of people presenting a fraud risk. In the event of a pertinent alert the data is kept for up to five (5) years from the conclusion of the fraud file, or up to the end of the legal proceedings and the applicable prescription duration.

For people registered on a list of alleged fraudsters, their data is deleted after a period of 5 years from the date of enrolment on this list.

- As the Insurer, they are entitled to carry out the processing of data relating to offences, convictions and safety measures either for the amount of the subscription of the contract, or during its execution or within the framework of litigation management,

- Their personal data may be accessible to certain employees or service providers of the Insurer established in countries located outside of the European Union.
- The Insured Party has, by proving their identity, the right to access, to rectify, to delete and to oppose the processed data. They also have the right to request the limitation of the use of their data when it is no longer necessary or to recover, in a structured way, the data they provided when it was necessary for the contract or when they consented to the use of their data.

They have the right to establish directives related to the removal of personal data after their death. These directives, general or specific, concern the conservation, deletion and communication of their data after their death.

These rights may be exercised through the Insurer's Data Protection Officer:

- by email: to DRPO@MUTUAIDE.fr or
- by letter: by writing to the following address: Délégué représentant à la protection des données – MUTUAIDE ASSISTANCE – 126, rue de la Piazza - CS 20010 – 93196 Noisy le Grand CEDEX

After having made the request with the Data Protection Officer and having not received a satisfactory response, you have the option of contacting the CNIL (National Commission for Data Protection and Liberties).
